Monocounty's New Camp, 10,000 Feet Above the Sea—Looking Down Upon Bodie.

From the Mammoth City Herald.
Few people, even among those who have visited this wonderful region, realize the magnitude of our mountains and the altitude of our peaks. With the exception, perhaps, of a few isolated spots in Colorado, mining we believe has never, in this country, been carried on at such a high above the sea as in Lake District. Virginia City was for a long time the loftiest mining camp of prominence on the coast. When the Comstock began to winter at 6,800 feet they thought they were up in the world sure enough. Finally came Bodie with its 8,500 feet, and that threw Virginia City in the shade. It was reserved for Lake to walk off with the preeminence in the form of altitude. The office in which the *Herald* is printed is 10,200 feet above the level of the sea. The immense cropings of the Mammoth mine are 11,000 feet, while

SUMMIT OF MINERAL HILL, near the Headlight and Monte Cristo shafts is 11,700 feet above the sea level. The latter is 1300 feet above the surface of Lake Mary, by actual survey. When we think of these enormous heights, and compare them for instance with the famous Mount Washington of New England, the latter seems little more than a mole hill. And what a difference, too, in the temperature. Here, though we have plenty of snow in winter, yet at 10,000 feet elevation we live all the year round in frail board houses, lined with muslin only and papered, while on Mount Washington, 6000 feet high, no one ever lives in winter but U. S. Meteorologists, and they are quartered in a stone hut, with walls three feet thick, lined with felt and heated with massive stoves. In this den they stay without ever poking their noses out of doors until the coming of spring relieves them. Though within the region of perpetual snow, we spend our winters comfortably, and, for instance, last winter work was hardly suspended for a day.

The Cabin in Which John Mackay Used to Live.

From the Gold Hill News.

Thomas L. Dawes, the young artist-miner, who has made for himself quite a reputation for his excellent sketches of the underground workings, as well as the surface works, of the mines of the Comstock, returned a few days ago from Sierra county, California, where he had been working for the last seven or eight months. Tommy had the pleasure of working for some time at Alleghanytown, some nine miles from Downieville, in the midst of the oldest California gold diggings, and met many an old timer still delving away with pick and shovel, after the old style. At Alleghanytown is where John Mackay, the present bonanza king, used to work, and Tommy found a number of old miners who knew him well, and used to work with him. Mackay was considered a good hand at the pick and shovel in those days, and used to work in the Old Bay State claim, now called the Masonic, and also in Red Star Gulch, near by. The cabin Mackay occupied still stands there. Tommy made a small pencil drawing of it, which he brought along and presented to us. It is a neat little one story shanty, about 12x16 feet in size, with two windows and a door, and a little porch in front, and a few straggling trees and shrubs, give it quite a pictorial appearance, so to speak. Mackay lives in a fine brick house now and feeds on pate de foie gras; but he probably sleeps no sounder, or has a better appetite, than when he lived on beans and flapjacks, and slept in that little old cabin of shacks.

Forest Fires in Plumas.

From the Plumas National.

The woods are on fire in every direction, and although some damage is reported nothing very serious has been heard from as yet. Mr. George Penman has been compelled to fight it for several days to keep it out of his fences and buildings. The telegraph line in that neighborhood has been pretty well used up, and communication with the lower country was stopped for a day or two, but it is again working. The line has also been interrupted between this and Indian Valley, but is now in working order again. These fires will undoubtedly run until a rain comes, and unless closely watched will do considerable damage to fences, bridges and roads.

The Chinese in Montana.

From the Frontier (Butte City) Index.

The Chinese inhabitants of this burg have a favorite manner of cooling themselves these hot days. They strip off every garment except shirt and drawers, made of extremely thin bleached cotton, and clad in such habiliments disport themselves in and about their cabins. Should a white man adopt the same dress he would be deemed guilty of a misdemeanor. Again if Dr. Mary Walker is to be continuously subjected to arrest for dressing in the bloomer costume, we suggest to Marshal Beck the propriety of taking into court the Chinese Mary Walkers who air themselves on our streets in bloomer costumes.

Deadwood Built of Gold.

Deadwood Times, August 1.

To show that gold existed in all countries and in all parts of all countries, A. J. Bowie yesterday remarked during a conversation with the editor of the *Times*, that, according to the most careful analysis, it had been ascertained that the bricks in the buildings in the city of Philadelphia contained gold on an average of \$6 to each building. Taking the structures of that city as a basis upon which to make an estimate of the amount of gold embraced in the brick improvements of Deadwood, we should place the average quantity of the glittering root of all evil in the numerous brick buildings of this camp at no less than \$900. About all the brick which has been manufactured in this country were made of clay taken from our placer producing gulches and the tailings of our stamp mills, and the wealth of the tailings of our mills is well known. As an illustration of the richness of the material from which some of the brick now laid in our buildings are made, we would mention that the proprietors of a yard on the Whitewood, a mile or two above the city, discovered last summer, after burning thousands of bricks, that the ground which they were using in their business was worth more for placer mining than for brick making, and accordingly began sluicing, taking out good pay. Hence, it can be said that our brick blocks, to a certain extent, are houses built of gold.

Quieting Title in Bodie.

From the Bodie Standard.

About noon to-day it was reported that a fight had occurred between adherents of the Kinkadee and Josephine mines, fifteen shots having been fired. This looks like a good deal of shooting for a very little game. People down town heard no shooting, although the mines are but a shot distance from Main street.

The British revenue returns reflect the times. Unmanufactured tobacco fell off nearly two million pounds; tea increased by six and a half million pounds; wine decreased one and a half million gallons; brandy, nearly one hundred and eighty-two million gallons. The consumption of tea and cocoa has largely and steadily increased of late years.

Dr. Mintie's Nephreticum.

DR. MINTIE'S NEPHRETICUM works wonders. In all cases of Dropsy, Bright's Disease, Kidney, Bladder and Urinary Complaints, or Retention of Urine, these troubles are entirely cured by the Nephreticum. Female Weakness, Gravel, Diabetes, pain in the back and loin are cured when all other medicines have failed.

See what the Druggists of Portland and San Francisco say about Dr. Mintie's Nephreticum and English Dandelion Pills:

"We have sold a large amount of Dr. Mintie's medicines; the English Dandelion Pills; also the Nephreticum, and in all cases they are highly spoken of and give entire satisfaction."

John A. Childs, Druggist, Second street, Portland.
C. H. Woodward & Co., Druggists, corner First and Alder street, Portland.
Messrs. Abrams & Carroll, wholesale, Druggists, Nos. 3 and 5 Front street, San Francisco, say:

"We regard Nephreticum as the best Kidney and Bladder Remedy before the public."

All Druggists keep these medicines. For all derangements of the Liver, Use Dr. Mintie's English Dandelion Pills.

For Biliousness and Dyspepsia, Use Dr. Mintie's English Dandelion Pills.

For Fever and Ague, Use Dr. Mintie's English Dandelion Pills.

Every family should keep the English Dandelion Pills on hand.

Dr. Mintie's Remedies will not "Cure all Complaints," but will, if taken according to directions, give immediate relief and perfect a cure in all troubles for which they are recommended.

EDITORIAL NOTES.

The following pungent paragraph from the Sacramento Bee is a sharp fling at one of the worst faults of fashionable society. But, while true in its aim, it is not fair to refer to George Eliot in that way. Her offense was not against chastity, but against the laws of England. Lewes, with whom she lived as wife, was a man of blameless character, who had been repeatedly deserted by his legal wife. Deserter is not ground for divorce in England. Hence the circumstances of the case prevented any marriage between Lewes and Miss Evans (George Eliot.)

"Sarah Brehardt has four children and never had a husband, and George Eliot lived some fifteen years with a man to whom she had never been married. George Eliot is respected, esteemed, admired, and Sarah Brehardt visits all the most elegant private houses in London and takes her illegitimate children with her. The same people that almost worship the writer and fawn on the actress would turn their own daughter from their doors for committing one-tenth the sins against chastity which these women have committed. The code of morals prevalent in fashionable society seems to be remarkable only for its license to the rich and famous, and its cruelty to the poor and unknown.

The congressional committee of investigation into the sources of the prevailing labor depression visited Salt Lake last week and passed through Reno Monday night for California on a special sleeper. The Ogden Dispatch is informed that these gentlemen took out of that city three large demijons of whiskey and a broken case of cigars. Nothing so greatly aids congressional committees to a clear understanding of labor questions as whiskey. That the special car of the labor depression committee was not furnished by the government with an ample supply of whiskey to carry them through the investigation, is due to the unjustifiable action of the Democrats in refusing to pass the necessary appropriation bills. Whatever loss the country may sustain through the failure of the committee to investigate may be clearly traceable to insufficient whiskey; an insufficiency for which the Democratic party should be held responsible.

The Florida canal project is attracting a good deal of attention. A ship channel across the Florida peninsula has long been talked of. Lloyd Aspinwall, of Florida, is at the head of the enterprise. It is stated that he has enough money subscribed by foreign capitalists to build the canal. Twenty millions is the estimate. Only sixty miles of cutting will be necessary upon the route selected. Aspinwall says that his company is very desirous of having the charter granted at once, and guarantees in case this is done that the canal will be completed within the next three years.

The Standard is urging the need of better protection against fire in Bodie. That town has only a small Babcock engine and a hook and ladder apparatus. The Standard recommends the purchase of a steam fire engine, and the construction of suitable reservoirs. Insurance in Bodie runs from three to ten per cent. Our contemporary wisely says that the expenditure of a few thousand dollars for fire purposes would be true economy.

One of the advantages of life in Nevada is immunity from sunstroke, which is now slaying so many people in the East. One of the most remarkable cases of sunstroke is that of the keeper of the Brooklyn Yacht Club House, a man seventy-eight years old. He was standing on a wharf in New York harbor recently, and suddenly, overcome by the heat, fell into the water. He was taken out alive, but died soon afterwards.

Denis Kearney speaks at Truckee to-night. This agitator cannot be put down. His downfall has been prophesied time and time again by the political prophets, but he keeps on the surface, as turbulent and abusive as ever. The San Francisco Chronicle tried to write him down, but could not break his power with his party. The fellow has great personal magnetism, and retains his influence with the "Workingmen."

The papers have been full of a scandal about Senator Conkling. It was alleged that an improper intimacy between him and the wife of ex-Senator Sprague had been discovered, and that Conkling's life had been threatened.

Now it turns out that Conkling was not the suspected man, and that there was no foundation for a scandal anyhow.

A copy of the first issue of the Daily Frontier Index has been received at this office. The paper has been published as a weekly at Butte City, Montana, since 1850. It makes a good appearance as a daily, is readable, well edited, and a welcome addition to our exchange list.

The law of Indiana compels railroads to redeem unused tickets, and forbids "ticket scalping."

STATE NEWS IN BRIEF.

Prof. Davidson was in Carson yesterday.

Haverly's minstrels show in Virginia next Tuesday night.

Oldtimers say this is the hottest summer ever experienced in Eureka. —They always say so.

An Italian beggar woman, arrested for vagrancy in Virginia, put up \$100 bail, and left the town.

The Eureka Base Ball Club, which recently challenged the universe, has been challenged by the B. B. C. of Pioche, Salt Lake and Omaha.

R. H. Wright, deputy state treasurer, leaves here on Wednesday to join a party of gentlemen at Reno, who will go on a hunt for deer and grouse in Grizzly valley, the Appeal says.

A man arrested at Carson for burning his blankets in front of Mint. Supposed to be insane. What the dickens does a man want of blankets in Carson now? Why shouldn't he burn 'em, if he wants to!

Two more tramps were driven out of Wells last Sunday by mounted vigilantes. When the tramps don't go at the word from the Wells vigilantes, the latter lasso the vagrants and pull them out of town.

A society for the prevention of cruelty to dogs has been organized in Winnemucca. The Silver State has not learned the names of the officers, though it has been assured that anybody caught in the act of "kettling" or otherwise abusing dogs will be prosecuted to the full extent of the law.

It took the Appeal man half an hour to get shaved in Carson on Sunday morning, and half a column of the Appeal to tell about it. A Reno man got shaved there very quickly the other day. In a Carson saloon he called for a bottle of Budweiser, was served with a bottle of tepid Milwaukee, and charged six bits.

Ada Walker was bitten on the finger by a rattlesnake at Indian creek, six miles south of Unionville, Humboldt county, Sunday morning. They sent to Unionville for remedies, consequently some time elapsed before she received anything to counteract the poison. Her case is desperate and the bite is likely to prove fatal.

The Silver State relates that two men named Jones and Ware were partners at Spring City. Jones left and went to Battle Mountain, from which place, it is alleged, he telegraphed east to Ware's parents, who are said to be well off for money. In due time he received a postoffice order payable to Ware for \$50, and got the money for the same. Meantime Ware received a letter from his parents expressing surprise that he should be so badly in need of money as his telegram represented, when, only a short time before, he wrote he was doing well. This led to an investigation which resulted in the arrest of Jones.

Yesterday 548 head of beef cattle from the ranch of A. Stevenson & Son, of King River, in the northern part of this county, were loaded here for shipment to the east, says the Winnemucca Silver State. The beefers were in excellent condition and cattle men estimated that many of them would dress from 750 to 1000 pounds each. The cattle filled thirty-five cars and the train which took them east was drawn by two engines. They will be taken to Nebraska, thence after they recuperate, to the Chicago market. Messrs. Stevenson & Son have sold 1500 head to Mr. Ingham, the rest of which will be shipped east in September.

CONDENSED TELEGRAMS.

The fever spreading at Memphis. Some cases of Asiatic cholera are reported at Constantinople.

Yellow fever is epidemic at Matamoros. The people are said to be dying like flies.

The congressional labor committee had an interview with the workingmen of San Francisco last night.

The directors and stockholders of the Texas and Pacific Railroad Company at the annual meeting in Philadelphia, yesterday, authorized bonds to be issued not to exceed \$20,000 per mile, for the completion of the road from Fort Worth west to the Pacific coast, a distance of over 1200 miles.

A Mammoth City Incident.

The Mammoth City (Mono county, Cal.) Herald, of August 9, contains the following: "James Fahy, the innocent bystander who was so cruelly shot the other day in a fight between Manuel Frates and another man, died this morning at 4 o'clock. It will be remembered that the two men last spoken of got into a quarrel in a saloon, words led to blows, and finally Frates, in his rage drew a pistol and blazed away at his adversary. Missing him, the bullet struck Mr. James Fahy, who was standing near, in the fleshy part of the leg, shattering the bone into splinters, and making impossible the only possibility of saving his life. The operation was skillfully performed by Drs. Lesene and Egan, but Mr. Fahy's physical condition was such that he could not recover from the shock of the operation."

PACIFIC COAST ITEMS.

The faro games in Leadville have a capital of \$150,000.

Thousands of buffalo are reported on the Yellowstone.

It is now estimated that the Montana wool clip will exceed rather than fall below 1,200,000 pounds.

The thermometer at Colton, in the Mojave desert, indicated 112 degrees at midday for the past three days.

A reward of \$500 is offered by Governor Irwin for the murderer of John Ruhland, a German, at Monterey, on the 15th of last March.

Yavapai county, Arizona, will soon have in full blast twelve quartz mills, as many, if not more, than all the rest of the Territory combined.

Wesley Parker of Wolfcreek, Union county, sheared twenty-two pounds of clean wool from one merino sheep this Spring.

Arthur Burrows, an old pioneer, died Monday at Portland, aged eighty-five. He served with honor in the war of 1812.

Under the late compromise the bonanza mines made their first payment on the 11th to the Suto Tunnel Company. The royalty for July amounted to \$8500.

The Utah Northern Railroad has made an advance, with its locomotives, of 40 miles, to Camas Creek, or about 275 miles from Salt Lake City, and 225 miles north of Ogden.

Monday afternoon the barn and out buildings of Frank Guild, on Aristocracy Hill, Nevada county, were burned, the house being saved with difficulty. This is the fourth attempt within a week made to fire the property.

There was a railroad accident last Friday near Adonde station, thirty miles east of Yuma, caused by a broken wheel, in which several cars were badly wrecked, a fireman slightly injured, one Indian killed and two seriously injured.

Some Italian gardeners near Stockton lately poisoned a number of melons for the benefit of the parties who were in the habit of foraging on them nights. Some of these melons got into the hands of innocent parties, and two children have been poisoned in consequence.

An artesian well six inches in diameter is being sunk at the Potrero Gas Works, San Francisco, and has penetrated to a depth of 400 feet in soapstone rock without reaching water. A well sunk on King street for the Pacific Oil works went down 800 feet without reaching water.

Says the Portland Oregonian: The first man killed by the Indians in the Bannock-Piute invasion of Eastern Oregon last year was the cook on Dr. Glenn's big ranch. He was a Chinaman. He tried to make his escape on a bare-backed horse, but the animal reared and threw him, and the Indians in a minute were upon him.

YANKEE FORK NEWS.

[Bonanza City, like Leadville, affords an example of the magic growth of mining towns in this western country. This new camp, located on Yankee Fork, in Idaho, bids fair to be permanent, if the reports of its great mineral resources may be believed. Bonanza City was unheard of a year ago, but this summer it has attracted to it hundreds of prospectors and speculators. The following items from the last number of the Yankee Fork Herald, convey a good idea of the present condition and prospects of the place:]

Shooting big fish is now fine sport for those who devote to the flesh of the salmon.

Croquet is the popular out-door amusement in Bonanza these pleasant evenings.

Mrs. Himes received several boxes of California apples this week. They did not last long at 25 cents a pound.

The Chinese of Yankee Fork are putting in their idle time catching and drying salmon for winter.

The New Dodge Hotel is fast approaching completion. The furniture is on the way from Salt Lake, and is expected to arrive in a few days.

In the absence of thermometers the climate here refused to be regulated. From 10 A. M. to 4 P. M. the sun shines with furnace heat; and from 10 P. M. to 6 A. M., Jack Frost manages things to suit himself.

While it is the expressed opinion of all experienced miners and experts who have visited this section that we have the richest and most extensive bodies of ore to be met with anywhere, at the same time it would be extreme folly, under the circumstances, to encourage immigration.

Although lumber and shingles have been coming into town in large quantities the past few weeks, the supply is still inadequate to the demand. Some of the larger business houses are nearly completed, but there are many residences and smaller houses in course of erection that will not be completed for several weeks.

BORN.

TOOMBSS—In Reno, August 12th, 1879, to the wife of Henry Toombs, a son.

METEOROLOGICAL.

The thermometer at Osburn & Shoemaker's drug store to-day stood as follows:

7 A.M., 69°; 9 A.M., 81°; 12 M., 91°; 3 P.M., 92°.

JOTTINGS.

A herd of 2000 sheep was driven through town to-day on the way to Honey Lake.

The fire engine was moved to the engine house in its new situation on the plaza last evening.

R. F. Hoy states that he has bought the business of the Truckee Lumber Company in Reno.

The fire in the woods near Crystal Peak is still burning. Last night it showed strongly in the darkness.

Remember that Doctor de Freye, at the Lake House, can be consulted for special and chronic diseases. Consultations free.

It is reported that T. V. Julien has made arrangements in San Francisco for the purchase of a mill for the Con. E. Emeralds mine. Mr. Julien is expected home at the end of the week.

R. F. Hoy flung a large watermelon to-day. Work was at once suspended and the more perishable portion of the fruit immediately devoured. Very many melons were spoiled in the Gazette office last summer through delay in eating, but the loss from that cause this season will be slight.

Knight of Pythias.

The Grand Lodge, K. of P. closed its session at Carson yesterday. The following officers were elected for the ensuing year: Grand Chancellor, J. A. Johnson; Grand Vice Chancellor, J. J. Cooper; K. of R. & S., P. H. Mulcahy; Grand Patriarch, T. M. Tremberth; Grand Master of Exchequer, J. M. Flanagan; A. Lepore; M. Holmes and Mr. Bowden were elected Trustees. Chas. E. Loughton, of No. 4, was elected Representative to the Supreme Lodge. The next session will be held in Reno the second Monday in August, 1880.

Thrown from His Horse.

Last Monday evening Mr. Bacon, of the firm of Landers & Bacon, was thrown from his horse on the ranch of Clark & McMillan, near Pyramid Lake. He was dislocated by the fall. Dr. Shaw went down to attend him and reports that he received no serious injury.

The New School House.

From the Sacramento Bee, August 11.

We have been shown the drawings for an eight class school house to be built in Reno, Nevada, which were made by A. A. Cook, an architect of Sacramento. The building is 77x77 feet. The class rooms are each 28x32 feet, with a Principal's room 16x18 feet, together with six large closets. The hall in the upper story is 18 feet wide. The class rooms are connected by sliding doors, and the building in every respect is complete. The exterior is different from ordinary school houses, and is not surpassed for beauty and symmetry by any school building in this part of the country. From the ground to the top of the tower is over one hundred feet.

Struck a Good Idea.

A young man has been in Reno on a drunk for three weeks. Not intermittently intoxicated, but drunk all the time. His inebriety has been produced by too great a devotion to Boca beer, his only tipple. To the consumption of that beverage he has assiduously applied himself for years. Yesterday he tacked up to the bar of the 5-cent Boca beer saloon and said as plainly as his uncertain articulation would permit:

"Struck yidea, now, ole boy. Goin' ter write ter ole Boca fer er pen—er—pennish. Drank good 'ol of his beer, you know."

A Big Bear Hunt.

"Old Bruin," the big bear of Sierra valley fame, is to be stirred up. The Sierra valley Shooting Club calls on all sportsmen to meet at Webber lake on Sept. 15th, to shoot glass balls, cotton tights, chipmunks, bears and what not. A barbecue will be held in case they get the "bar." The convention will last six days and wind up with a dance at Sierraville.

A Long Journey.

This morning a family of five persons passed through Reno in an emigrant wagon drawn by four horses. They had come all the way from Illinois and were bound for Placerville, Cal. The team had a very sorry appearance. The money had given out and the expedition was in a bad plight.

Broke His Arm.

Martin Hyde's boy, 9 years old, fell off a horse near the English Mill this morning and broke his right arm. Three months ago his thigh was broken by the kick of a horse. He has had bad luck with horses.

IN MEMORIAM.

Of Past Chief Patriarch J. S. Bowker.

To the C. P. H. P. officers and Patriarchs of Reno Encampment, No. 5, I. O. O. F.

SIR: AND BROTHERS:—Your committee to whom was intrusted the drafting of resolutions relative to the death of our beloved Patriarch, J. S. Bowker, P. C. Patriarch, expressive of the sense of the members of this Encampment, most respectfully submit the following, though each of us feel sensibly our inability to do either the departed brother justice or in any wise alleviate the sorrow to which his death has subjected his relatives, many friends and the members of this Encampment.

WHEREAS, It has pleased our Heavenly Father, the Grand Master above, in his divine wishes, to call from our midst our beloved brother, J. S. Bowker, P. C. Patriarch, we, the officers and Patriarchs of Reno Encampment, No. 5, I. O. O. F., feeling deeply the loss sustained to our order and this community by his death, and being desirous of paying to his memory a tribute of respect well earned, it is hereby Resolved, That by the death of P. C. Patriarch J. S. Bowker our order has been deprived of an earnest supporter and zealous worker for the period of thirty years; that the discharge of his duties and the obligations which Odd Fellowship impose, and Reno Encampment one of its most efficient and faithful working members.

Resolved, That in this breach which death has made in our ranks we feel ourselves called upon to be more faithful in our labors and to devote ourselves more earnestly to the noble work of Odd Fellowship.

Resolved, That the relatives of our deceased Patriarch, in whatever clime this may reach them, and to his numerous friends abroad and in our midst, we tender our sincere sympathy in their bereavement in losing one whose grave we, as mourners with them, let fall the tear of sorrowful affection.

Resolved, That our Charter be draped in mourning for the period of thirty days; that the foregoing be spread in full upon the minutes of our Camp, and be published in the Reno Journal and Gazette and copies thereof be transmitted to the relatives of our deceased brother under the seal of our Camp.

G. W. CUNNINGHAM, F. C. UPDEKE, Jos. V. PEERS, Committee.

A Leadville Lady Godiva.

From the Denver Tribune.

Leadville is a naughty place. When the warm rain began to tinkle on the roof of a State street log cabin, at 11 o'clock the other day, Minnie Pillsbury said to Hattie Garlock. "Let's go out down and get wet." "Something was said about 'going just as we are.' Something more about 'dare' to go, and finally a bet of twenty-five dollars was made that Hattie wouldn't run from the cabin near the Harrison avenue end of the alley to Pine street and back, dressed in the same clothes that Mr. Adam's first wife wore when she first came into the Garden of Eden, one of the early mining camps in Asia Minor. Hattie attracted considerable attention, but she won the twenty-five dollars.

The Trouble at Eureka.

From the Sentinel of Aug. 12th.

In an interview with Sheriff Kyle last evening we learn that he is doing all in his power to arrange the present difficulties with the Italian coal burners. He is anxious to avoid bloodshed, but is determined to be firm. The law will be enforced at all hazards. There are some indications that the whole trouble will be satisfactorily adjusted to-day without the military going to the front. In any event Sheriff Kyle may be relied upon to discharge his duty.

The Reno GAZETTE is authority for the statement that at the next session of the Legislature an effort will be made to form a new county out of a part of Lander and Humboldt, with Tuscara as the county seat. One would naturally suppose the new county would desire to plant its seat upon its own territory. Where the devil does the GAZETTE make suppose Tuscara is located? Those western nabobs have about as much idea of the geography of the "great east" as a Pute has of plum pudding.—Elko Independent.

Grafting Fruit on Sagebrush.

From the Carson Appeal.

Uncle John Gibbons, of the Battle Mountain and Tuscara stage line, is grafting small fruit on sagebrush. John says the sagebrush grows without irrigation, and there's millions in it.

Banner Brother's Clothing Store.

The Banner Brothers have constantly coming and always on hand the latest styles of Clothing of every variety. They are men and mean business. They sell at the lowest possible prices. Look at some of their prices:

Down With Monopoly.

The citizens of Reno having suffered long enough under the monopoly of one bakery, the Palace Bakery, (next door to the Arcade restaurant), offers to every one buying 25 cents worth of bread, six loaves for that sum as to quality, I challenge any baker for \$100 a side, to produce better or sweeter bread. angitf Otto HARTUNG, Palace Bakery.

Bids will be received at the store of Knut & Jones by the Trustees of Reno Lodge No. 13, F. & A. M., until the 21st inst, for the erection of a brick addition to the Masonic Hall Building as per plans and specifications, to be examined at the place aforesaid. The Trustees reserving the right to reject any and all bids. Reno, Aug. 8th, 1879.

Sir Astley Cooper's Vital Restorative.

The great English remedy—has made more cures of Nervous Debility, Seminal Weakness, Lost Manhood, nocturnal emissions, lassitude, inability for mental labor, despondency, and such diseases as are induced by youthful follies and excesses, than all other medicines combined. It is not a stimulant nor excitant, is perfectly safe to take, is not a quack nostrum, and produces results that are wonderful. Why will you suffer? Send to A. E. Mintie, M. D., No. 11 Kearney street, San Francisco, for the Restorative, and be cured. Price, \$3 per bottle. Four times the quantity, \$10. Try a bottle. Dr. Mintie treats all private diseases successfully. Nabob Whiskey!

THE PUREST AND BEST
FOR ALL
For Medicinal and Family Purposes.
100,000 Cases Sold in 1876.
SIMMOND'S MEDICATED NABOB WHISKY

Has been sold in all the Eastern States and given universal satisfaction.
It is highly recommended by the faculty for all cases of Nervousness, Weakness, Debility, Dyspepsia, Indigestion, etc.
It is now introduced to the public of the Pacific Slope by the following certificates of the eminent Dr. S. Dana Hayes, State Assayer of Massachusetts, and Dr. H. C. Loderbach of St. Louis, Mo., both gentlemen prominent in their profession, and which is a guarantee to all buyers of its purity and quality.
I can show thousands of letters from private persons from all parts of the Union and Canada, testifying to its merits and the benefit it has afforded, as a family remedy and tonic. Ceburn & Shoemaker, agents for Washoe county, will supply dealers at Jobbers' rates by the bulk or case.
Also for sale by Finner & Queen, Drug gists, and by John F. Myers, Druggist.

WHY STAY POOR?

Prospecting often Pays; Idleness Never.
The millions of the Comstock were a lucky find. Worthless looking rock is often rich in treasure. At Leadville a simple assay made millions of many. Other bonanzas were least suspected until the coming of some unknown man. Who is he?
At Virginia City, Nevada, assays for Gold and Silver are made at \$1.00 per sample, by CONRAD WIEGAND, formerly the Supervising Assayer of the U. S. Mint at San Francisco.
The mail will carry ore samples to his office for one cent per ounce.
Reports which may be relied on absolutely, come back by return mail, or results are telegraphed when ordered so.
All costs, delays and risks in remitting money are avoided by the purchase of our Dollar Remittance Tickets, which pay for all work done in our establishment.
We sell these prepaid tickets at a discount, when \$5 worth or more are ordered at one time.
Small sacks for mailing ore samples also for sale at a nominal price.

REMARKS AND CONDITIONS:

Nominations in stakes must be made to the Secretary on or before the 1st day of August, 1879. The names of the horses must be made for Monday's races on the Saturday preceding; for Wednesday's races on Monday, and for Friday's races on Wednesday, at the regular time for closing entries as designated by the rules. Those who have nominations in stakes must name to the Secretary in writing, which they will start the day before the race at 6 p. m. Horses entered in purses can only be drawn by the consent of the Judges.
The rules of the Pacific Blood Horse Association will govern running races.
The winner of the stake for 2-year olds to be run at Sacramento, Sept. 10th, to carry 5 lbs. extra; and of Friday's 2-year old there, 5 lbs. extra. Should the same roll win both of these stakes it shall carry 10 lbs. extra.
All horses entering for State purses must be owned and kept in Nevada, and California east of the Sierra Nevada for six months prior to day of race.
Entries to all trotting purses will close Sept. 15th with the Secretary.
Five or more to enter, and three or more to start in all races for purses.
National Trotting Association rules to govern trotting races. Pacific Coast Blood Horse Association rules to govern running races, except as above.
Each day's races will commence promptly at one o'clock p. m.
All entries must be directed to P. B. Comstock, Secretary of the Society.
C. C. TAYLOR, President.
P. B. COMSTOCK, Secretary.
